1. Increases in Medical Facilities, Materiel, and Personnel in USSR.

USSR Information Bulletin
23 Feb 51
(Rec'd 16 July 51)

"In 1950 the network of hospitals, maternity homes and other medical institutions, as well as sanatoria and rest homes, expanded. Accommodations in hospitals and maternity homes increased by 47,000 as against 1949. The number of physicians grew by 7 per cent in 1950 as compared with 1949." "In 1950 the output of medical equipment, instruments and laboratory equipment increased. The output of highly effective medicines was noticeably enlarged." "In 1950 the number of workers in educational, scientific-research and medical institutions increased by 300,000 over 1949."

(b)(3)

ANALYST'S COMMENT: The above quotations are in a bulletin designed for propaganda purposes.

2. Soviet Influence in the Albanian Medical Picture:

(b)(1)
(b)(3)

Due to shortage of doctors and nurses, many Albanians were sent to the USSR to study medicine. At the present time all sanitation is under Soviet supervision. Normal medical supplies and equipment were imported from the USSR

(b)(1)
(b)(3)

ANALYST'S COMMENT: Coordination of Soviet and satellite medicine has been very effectively developed.

(b)(1)
(b)(3)
